

Kindergartens in East Gippsland

TYPES OF KINDERGARTEN PROGRAMS

Two years of funded kindergarten is available across East Gippsland. This means families can access government-subsidised play-based learning programs from when their child turns three years old before the end of April in the year of attendance.

Kindergarten programs are delivered in both long day care and standalone services. All funded kindergarten programs in Victoria are led by a qualified early childhood teacher and offer a play-based learning program based on the same government guidelines.

BENEFITS OF KINDERGARTEN

- ✓ Helps with social and emotional development and wellbeing
- ✓ Play-based learning is the best way to help young children learn, develop well, and prepare to thrive at school
- ✓ Children have the opportunity to use their imagination and practice important skills

HOW TO ENROL IN KINDERGARTEN

Talk to your local kindergarten service about their enrolment process and timelines for enrolment.

HOW TO FIND A KINDERGARTEN

Find a kindergarten service near you visit the Find a Kinder website - findakinder.educationapps.vic.gov.au
